SALES

AREA

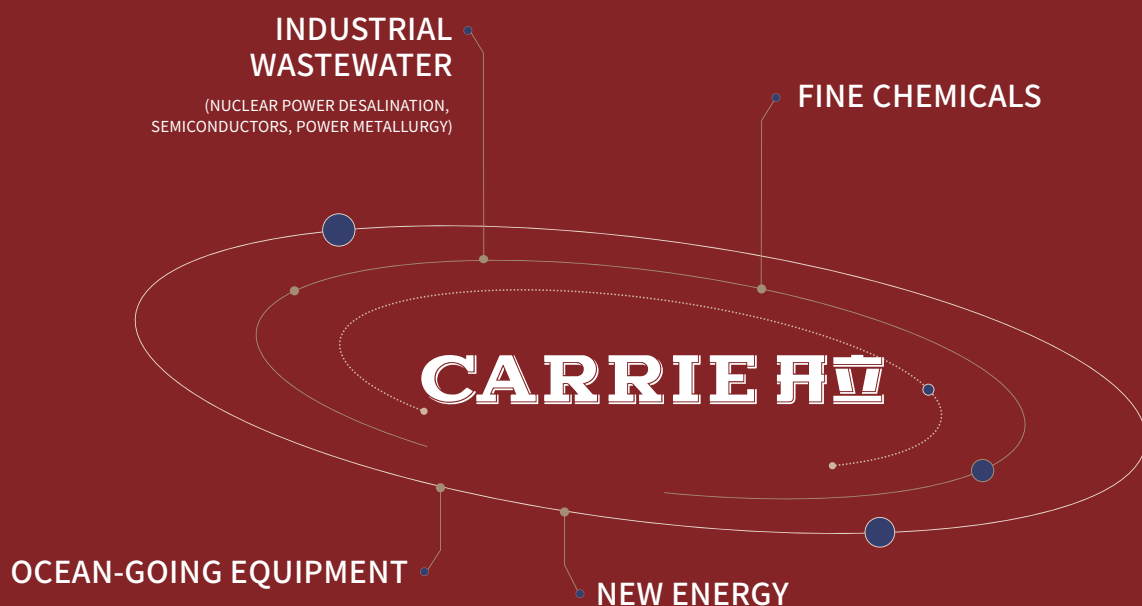

WORKERS

● CARRIE is a collection of research and development, production, sales as one of the national high-tech enterprises and Zhongguancun high salary technology enterprises, 2022 won the Specialized Specialized New Enterprise certification, the company's headquarters is located in the Beijing CBD area, the production base is located in Wuqing District, Tianjin, covers an area of 20,000 square meters.

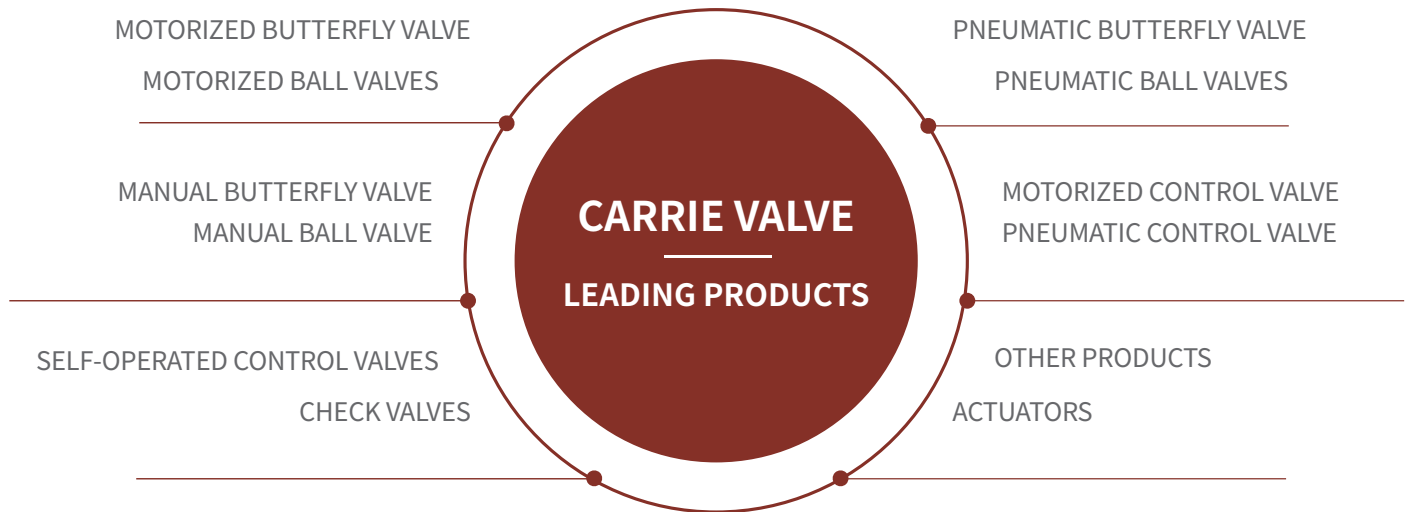

● CARRIE Since its establishment, Kaili has been adhering to the business philosophy of "survival by quality and development by reputation", and over the years, it has successively obtained the relevant qualifications such as ISO9001, ISO45001, IOS14001, special equipment production license, explosion-proof license, SIL certification, WRAS certification, RoHS certification, etc. Kaili has been committed to the field of environmental protection. Kaili has been committed to the field of environmental protection, based on the main industries of industrial wastewater treatment, new energy, seawater desalination, power metallurgy, fine chemicals, etc., and develops to semiconductors, nuclear power, ships and other fields in an all-round and multi-angle way. With strong quality assurance, affordable and comparable prices, timely delivery time, and advanced service concepts, Kaili has become an advanced manufacturer of pneumatic valves, electric valves, and manual valves by constantly applying new materials, new techniques, and new technologies and developing new products.

MAIN INDUSTRY

**SURVIVE BY QUALITY
DEVELOP BY REPUTATION**

2 LEADING PRODUCTS

3 COMPANY CERTIFICATION

4 NUCLEAR POWER PROJECTS

● TIANWAN NUCLEAR POWER PLANT

● HAIYANG NUCLEAR POWER STATION

● SANMEN NUCLEAR POWER PLANT

● LUFENG NUCLEAR POWER PLANT

5 OTHER ITEMS

● TIBET AUTONOMOUS REGION LAGOMO SALT LAKE NEW ENERGY PROJECTS

● YULONG ISLAND REFINING AND CHEMICAL INTEGRATION HAZARDOUS WASTE DISPOSAL CENTER PROJECT

● SHANXI SYNTHETIC BIOLOGICAL INDUSTRY ECOLOGICAL PARK CHEMICAL ZERO EMISSION PROJECT

● BEIJING HEDONG RESOURCE RECYCLING CENTER SEWAGE TREATMENT PROJECT

6 EXCELLENT PRODUCT
